Dear Students and Parents,

School is off to a good start and it is time again to begin our Youth Choir. In the past the choir has done well for us and we look forward to another successful year, praising God with song. To accomplish this we need the cooperation of both the parents and the students. First, students must be signed up before the first scheduled performance. Students cannot expect to just sign up for the Christmas or Easter performances without registering and practicing. Second, we expect students to make every effort to be at all practices and scheduled performances. Finally, we expect the students to remember that we are in the House of God and the choir loft is a part of that House. We expect them to behave accordingly. Our practice time is limited and very little can be accomplished if we have to constantly remind students about respect and reverence in Church. Please keep in mind that there are no babysitters to supervise younger siblings – use your judgment.

We are thankful for the support parents have given us in the past, and we ask again that you encourage your students to do their best and to work well with our group.

Mrs. VanElls and Mrs. Rehmann
