

Did you know?

There are 10 billion new gift cards placed in circulation every year, with the potential to add 75-100 million pounds of PVC material to the waste stream. So what is a consumer to do with all of those spent gift cards???

Many of our gift cards, including Exxon, Barnes & Noble, Burger King, and Lowes, are reloadable. Please visit www.shopwithscrip.com for more details. To register, please use our school code: **73F4AA69227**.

Spent gift cards can also be recycled. Simply mail plastic cards to:

Earthworks c/o Halprin Ind.

25840 Miles Rd.

Bedford, OH 44146

Please send only plastic cards (no rubber bands, paper clips, or paper).

*****Reduce, Reuse, Recycle*****
